Chairman's Letter

31 October 2024

Dear Shareholder

On behalf of the Board, I am pleased to invite you to participate in Eureka's recently announced accelerated 1 for 3.4 fully underwritten non-renounceable pro rata entitlement offer of new Eureka Shares (**New Shares**) at an offer price of \$0.61 per New Share (**Entitlement Offer**).

Placement and Entitlement Offer

On Thursday, 24 October 2024, the Company announced its intention to raise \$70.4 million through:

- a placement of New Shares to Institutional Investors to raise \$15.0 million (**Placement**); and
- an accelerated non-renounceable pro rata entitlement offer to raise \$55.4 million, whereby Eligible Shareholders will be invited to subscribe for 1 New Share for every 3.4 Existing Shares held on the Record Date (**Entitlement Offer**).

The Offer Price of \$0.61 per New Share represents a:

- 9.6% discount to the last close price of \$0.68 per Share on 23 October 2024 (being the last trading day before the announcement of the Placement and Entitlement Offer);
- 7.5% discount to the 5-day VWAP of \$0.66 per Share on 23 October 2024; and
- 7.2% discount to the theoretical ex-rights price (**TERP**)¹ of \$0.66.

The Placement and the institutional component of the Entitlement Offer (**Institutional Entitlement Offer**) have been successfully completed and trading of Shares on ASX recommenced on Monday, 28 October 2024. The Placement raised \$15.0 million and the Institutional Entitlement Offer raised \$48.8 million.

The Placement and Entitlement Offer are fully underwritten by MA Moelis Australia Advisory Pty Ltd and Morgans Corporate Limited and (**Joint Lead Managers**) on the terms of the Underwriting Agreement. Refer to section 5.8 for further details regarding the Underwriting Agreement.

Use of Proceeds

Proceeds from the Placement and Entitlement Offer are expected to be used to fund:

- 2 villages under heads of agreement subject to due diligence for approximately \$14.8 million;
- 5 villages in due diligence or advanced discussions for approximately \$30.3 million;
- 38 individual units at existing managed villages for \$4.8 million
- village expansions of \$7.5 million;
- transaction costs associated with those acquisitions and expansions of approximately \$4.0 million;
- retirement of debt of approximately \$5.8 million; and
- costs of the Offers of approximately \$3.3 million.

¹ TERP is the theoretical price at which Shares should trade after the ex-date for the Entitlement Offer. TERP is calculated by reference to the closing price of Shares on Wednesday, 23 October 2024 of \$0.68 per Share, being the last trading day prior to the announcement of the Entitlement Offer. TERP is a theoretical calculation only and the actual price at which Shares trade immediately after the ex-date of the Entitlement Offer will depend on many factors and may not be equal to TERP. TERP includes New Shares to be issued under the Placement.

Proceeds will initially be used to repay debt until acquisitions reach settlement and developments commence. To the extent some of the acquisitions do not proceed, management would source similar acquisition opportunities. Please refer to the Investor Presentation included in section 7 for further details.

Retail Entitlement Offer

This book (**Retail Offer Booklet**) relates to the retail component of the Entitlement Offer (**Retail Entitlement Offer**). The Retail Entitlement Offer is expected to raise up to \$6.6 million and is fully underwritten.

If you take up your full Entitlement, you may also apply for additional New Shares in excess of your Entitlement, at the Offer Price (**Oversubscription Facility**), subject to a cap of 50% of your Entitlement. The allocation of additional New Shares in the Oversubscription Facility will be subject to the availability of New Shares under the Retail Entitlement Offer and otherwise in accordance with the terms and conditions set out in sections 2.3 and 2.4. 2. Overview of the Entitlement Offer

2.1 Overview

The Company intends to raise \$55.4 million under the Entitlement Offer via an offer of approximately 90.8 million New Shares at an Offer Price of \$0.61 per New Share. The Company will use the proceeds of the Entitlement Offer in accordance with the use of funds outlined in the Investor Presentation.

The Entitlement Offer comprises the Institutional Entitlement Offer and the Retail Entitlement Offer (to which this Retail Offer Booklet relates).

The Entitlement Offer is underwritten by the Joint Lead Managers. Refer to section 5.8 for further details regarding the Underwriting Agreement.

Both the Institutional Entitlement Offer and the Retail Entitlement Offer are non-renounceable. Accordingly, Entitlements do not trade on the ASX nor can they be sold, transferred or otherwise disposed of. New Shares issued under the Retail Entitlement Offer are to be issued at the same price as New Shares issued under the Institutional Entitlement Offer. In addition, Shareholders' Entitlements under the Institutional Entitlement Offer and the Retail Entitlement Offer are calculated based on the same ratio.

2.2 Institutional Entitlement Offer and Placement

The Company has already raised \$48.8 million under the Institutional Entitlement Offer, at the Offer Price. Concurrently with the Institutional Entitlement Offer, the Company undertook a Placement, raising \$15.0 million, under which approximately 24.6 million New Shares were offered to new Institutional Investors at the Offer Price per New Share.

New Shares are expected to be issued under the Placement and Institutional Entitlement Offer on Monday, 4 November 2024.

2.3 The Oversubscription Facility

The Oversubscription Facility will allow Eligible Retail Shareholders that have fully subscribed for their Entitlements under the Retail Entitlement Offer to subscribe for additional New Shares (**Oversubscription Shares**) at the Offer Price. The availability of Oversubscription Shares will be limited to the extent there are sufficient New Shares from Eligible Retail Shareholders who do not take up their Entitlements.

The issue of Oversubscription Shares (if any) is subject to the allocation policy in section 2.4 and will occur on the same date as the issue of New Shares under the Retail Entitlement Offer, and in any event no later than three months after the Closing Date.

The Board has determined that a cap of 50% of the number of New Shares that an Eligible Retail Shareholder was entitled to subscribe for under its Entitlement will be applied to applications under the Oversubscription Facility.

The Board may scale back allocations of Oversubscription Shares to some or all Eligible Retail Shareholders. If the Company receives applications for Oversubscription Shares in excess of the number of New Shares made available for subscription under the Oversubscription Facility, it will scale back allocations of Oversubscription Shares on a pro-rata basis having regard to each Eligible Retail Shareholder's holding in Shares as at the Record Date.

There is no guarantee that Eligible Retail Shareholders will receive the number of Oversubscription Shares for which they have applied. The Company's decision on the number of New Shares and Oversubscription Shares to be allocated to an Applicant will be final.

In the event of a scale back, the difference between the Application Monies received and the number of New Shares and Oversubscription Shares allocated to the Applicant, multiplied by the Offer Price, will be refunded by the Company, without interest, following allotment.

2.4 Allocation policy

The Directors reserve the right to issue any shortfall under the Entitlement Offer at their discretion, but in any event no later than three months after the Closing Date. In determining allocations of any shortfall of New Shares, including under the Oversubscription Facility and in respect of any shortfall in the Institutional Entitlement Offer, the Directors may have regard to the following (non-exhaustive) factors:

- (a) the Entitlements of particular Eligible Shareholders and the number of New Shares applied for;
- (b) any potential control effect on the Company;
- (c) identifying any Eligible Shareholders who are potential long term or cornerstone investors of the Company;
- (d) the timelines of the Application by particular Eligible Shareholders;
- (e) the overall level of demand under the Entitlement Offer; and
- (f) ensuring an appropriate Shareholder base for the Company going forward.

No New Shares will be issued to an Applicant under the Oversubscription Facility or shortfall in the Institutional Entitlement Offer if the issue of New Shares would contravene the takeover prohibition in section 606 of the Corporations Act. No shortfall Shares will be issued to any Directors or other related parties of the Company.

2.5 Ranking of New Shares

The New Shares issued under the Retail Entitlement Offer will be fully paid and rank equally with Existing Shares. The rights attaching to the New Shares are set out in the Company's constitution and are regulated by the Corporations Act, Listing Rules and general law.

3. Effect of the Placement and Entitlement Offer

3.1 Capital structure

The proposed capital structure of the Company following the issue of the New Shares in connection with the Placement and Entitlement Offer will be as follows:

Event	Shares
Existing Shares on issue (at date of this Retail Offer Booklet)	308,772,454
New Shares to be issued under the Placement	24,590,164
New Shares to be issued under the Entitlement Offer (subject to rounding of Entitlements)	90,815,428
Total (subject to rounding of Entitlements)	424,178,046

The final number of New Shares to be issued under the Entitlement Offer is subject to reconciliation.

3.2 Substantial Shareholders

To the knowledge of the Company, the relevant interests of each of the substantial Shareholders in Shares (and excluding any shares proposed to be issued under the Entitlement Offer) as at 16 October 2024 is set out below:²

Substantial Shareholder	Existing Shares	Voting power prior to Entitlement Offer (%)
Aspen Group Limited (Aspen)	110,220,160	35.70%
Filetron Pty Ltd as trustee for Hunter Discretionary Trust (Filetron)	63,296,851	20.50%
Tribeca Investment Partners ³	36,443,061	11.80%
Copia Investment Partners Ltd	26,520,000	8.59%

3.3 Control issues

The potential effect of the Placement and Entitlement Offer on control of the Company is as follows:

- (a) the potential effect of the issue of New Shares on the control of the Company and the consequences of that effect will depend on a number of factors, including investor demand, existing shareholdings in the Company and the extent to which Eligible Shareholders take up New Shares under the Entitlement Offer. However, having regard to the terms of the Entitlement Offer which is structured as a pro rata issue, the underwriting and sub-underwriting arrangements for the Entitlement Offer and the nature of the underwriters and sub-underwriters, at this time, the Company does not expect that any person will increase their percentage shareholding in the Company in a way which will have a material impact on the control of the Company;
- (b) given the structure of the Entitlement Offer as a pro rata offer, if all Eligible Shareholders take up their full Entitlements under the Entitlement Offer, they will maintain their existing percentage interest in the total issued share capital of the

³ Includes the holding of Australian Retirement Trust.

Company insofar as the Entitlement Offer is concerned. However, in addition to the Entitlement Offer the Company will also undertake the Placement. The Placement will involve the issue of approximately 24.6 million New Shares (**Placement Shares**). The Placement Shares will represent approximately 5.8% of the Shares on issue in the Company following completion of both the Placement and the Entitlement Offer. Accordingly, Existing Shareholders will be diluted because of the Placement, even if they take up their full Entitlement under the Entitlement Offer. The Board does not consider that the Placement will have any material impact on the control of the Company;

- (c) if Eligible Shareholders do not take up any of their Entitlements, their shareholdings are expected to be diluted by 21.4% in respect of the Entitlement Offer;
- (d) the proportional interests of Shareholders who are Ineligible Shareholders will be diluted because those Shareholders are not entitled to participate in the Entitlement Offer;
- (e) the Placement and Entitlement Offer are lead managed and fully underwritten by the Joint Lead Managers pursuant to the Underwriting Agreement. In the event there is a shortfall under the Placement and Entitlement Offer, those shortfall Shares will be allocated:
 - (i) in the case of the Placement and Institutional Entitlement Offer, to Institutional Investors under a shortfall bookbuild, or to the Joint Lead Managers and sub-underwriters appointed by the Joint Lead Managers; and
 - (ii) in the case of the Retail Entitlement Offer, either pursuant to applications under the Oversubscription Facility or to the Joint Lead Managers and sub-underwriters appointed by the Joint Lead Managers;
- (f) if no sub-underwriters are appointed and the take-up of the Entitlement Offer was zero and the Joint Lead Managers were unable to sell any of the shortfall to other parties, the Joint Lead Managers would have a potential relevant interest of 21.4%; and
- (g) the Board does not expect the issue of New Shares to the Joint Lead Managers (or any sub-underwriters appointed by the Joint Lead Managers) will have a material effect on the control of the Company.

Under section 606 of the Corporations Act, a person cannot acquire a relevant interest in the issued voting shares of a company if, because of a transaction in relation to securities of that company, a person's voting power in Eureka increases from 20% or below to more than 20%, or from a starting point that is above 20% and below 90% (**Takeover Prohibition**). There are certain exceptions to the Takeover Prohibition in section 611 of the Corporations Act. Item 10 of the table in section 611 of the Corporations Act (**Rights Issue Exception**) provides an exception for an acquisition of certain securities pursuant to a rights issue (including to underwriters and sub-underwriters) if relevant conditions are satisfied. The Company has appointed a sale nominee for the purposes of section 615 of the Corporations Act to allow relevant parties to obtain the benefit of the Rights Issue Exception, if applicable.

The Retail Entitlement Offer is an offer to Eligible Retail Shareholders only. Ineligible Retail Shareholders are not entitled to participate in the Entitlement Offer unless the Company otherwise determines.

Please read the instructions carefully. Payments can be made by the methods set out in section 4.8 and 4.9.

4.4 Participating in the Oversubscription Facility

If you apply to take up your Entitlement in full, you may also apply for additional New Shares under the Oversubscription Facility, subject to a cap of 50% of your Entitlement. Amounts received by the Company in excess of the Offer Price multiplied by your Entitlement, may be treated as an Application to apply for as many additional New Shares as your Application Monies will pay for in full.

In the event there is a shortfall under the Retail Entitlement Offer, additional New Shares may be allotted under the Oversubscription Facility at the sole discretion of the Company, and otherwise in accordance with the terms and conditions in sections 2.3 and 2.4. If you apply for Oversubscription Shares and if your application is successful (in whole or in part), they will be issued to you at the same time that other New Shares are issued under the Retail Entitlement Offer. There is no guarantee that you will be allocated any Oversubscription Shares.

Refund amounts, if any, will be paid in Australian dollars. Refunds will be paid by direct credit to Australian nominated bank accounts as noted on the share register as at the Closing Date. If your bank account as noted on the share register as at the Closing Date is not an Australian bank account, any refunds will be paid via cheque in Australian dollars. To enable Eligible Retail Shareholders to receive their refund by direct credit, Eligible Retail Shareholders are strongly encouraged to update their bank details at <https://events.miraqle.com/egh-anreo>. Refund amounts will be made by cheque in Australian dollars if you do not have direct credit instructions for an Australian bank account noted on your shareholding and these will be mailed in the post to your registered address.

4.5 Allowing your Entitlement to lapse

If you do not wish to accept all or any part of your Entitlement, do not take any further action and all or that part of your Entitlement will lapse.

4.6 Consequences of not accepting all or part of your Entitlement

If you wish to take up only part of your Entitlement, payment must be made by following the instructions on the Entitlement and Acceptance Form for the number of New Shares you wish to take up and making payment using the methods set out in section 4.8 and 4.9 below.

If the Company receives an amount that is less than the Offer Price multiplied by your Entitlement, your payment may be treated as an Application for as many New Shares as your Application Monies will pay for in full. Payment must be received by no later than 5.00pm (AEDT) on the Closing Date.

Payment should be made using BPAY®. If you are based in New Zealand and unable to pay using BPAY®, payments can be made by Electronic Funds Transfer (EFT) (see section 4.9).

If your payment will pay for more than your full Entitlement, the Company will treat you as applying for your full Entitlement and in respect of any excess amount, applying for as many additional New Shares under the Oversubscription Facility as it will pay for in full.

Any Application Monies received for more than your final allocation of New Shares will be refunded as soon as practicable after the close of the Retail Entitlement Offer. No interest will be paid to Applicants on any Application Monies received or refunded.

- (b) have a registered address in Australia or New Zealand as noted on the Company's share register;
- (c) are not in the United States and are not a person (including nominees or custodians) acting for the account or benefit of a person in the United States (to the extent such person holds Existing Shares for the account or benefit of such person in the United States);
- (d) were not invited to participate in the Institutional Entitlement Offer and were not treated as an Ineligible Institutional Shareholder under the Institutional Entitlement Offer (other than as nominee or custodian, in each case in respect of other underlying holdings); and
- (e) are eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer.

By making a payment by BPAY® or, if you are based in New Zealand, by direct transfer, you will be taken to have represented and warranted that you satisfy each of the criteria listed above to be an Eligible Retail Shareholder. Nominees, trustees or custodians are therefore advised to seek independent professional advice as to how to proceed.

5.3 Ineligible Shareholders

All Shareholders who do not satisfy the criteria to be Eligible Retail Shareholders or Eligible Institutional Shareholders, are Ineligible Shareholders. Ineligible Shareholders are not entitled to participate in the Entitlement Offer unless the Company otherwise determines.

The restrictions upon eligibility to participate in the Entitlement Offer arise because the Company has determined, pursuant to Listing Rule 7.7.1(a) and section 9A(3)(a) of the Corporations Act, that it would be unreasonable to extend the Entitlement Offer to Ineligible Shareholders. This decision has been made after taking into account the number of non-residents in Australia and New Zealand on the Company's share register, the relatively small number and value of New Shares to which those Shareholders would otherwise be entitled and the potential costs of complying with legal and regulatory requirements in the jurisdictions in which the Ineligible Shareholders are located in relation to the Entitlement Offer.

The Company, in its absolute discretion, reserves the right to determine whether a Shareholder is an Eligible Retail Shareholder, Eligible Institutional Shareholder or an Ineligible Shareholder. To the maximum extent permitted by law, the Company and the Joint Lead Managers disclaim all liability in respect of such determination.

The Company has obtained approval from ASIC to appoint MA Moelis Australia Securities Pty Ltd (AFSL 308241) as nominee for the purposes of section 615 of the Corporations Act (**Sale Nominee**) to arrange for the sale of the New Shares which would otherwise have been available to Ineligible Shareholders had they been eligible to participate in the Entitlement Offer. The proceeds of sale (if any), net of expenses, will be distributed to Ineligible Shareholders in proportion to their Entitlements at the Record Date. Neither the Sale Nominee nor the Company will be liable for the failure to sell New Shares or to sell them at any particular price.

The Sale Nominee is a Joint Lead Manager and will not be paid for its services as Sale Nominee in addition to its fees as Joint Lead Manager.

5.4 Allotment, trading and quotation

The Company will apply for quotation of the New Shares on ASX in accordance with Listing Rule requirements. If ASX does not grant quotation of the New Shares, the Company will repay all Application Monies (without interest).

Trading of New Shares will, subject to ASX approval, occur shortly after allotment. It is expected that allotment of the New Shares under the Retail Entitlement Offer will take place on Monday, 18 November 2024. Application Monies will be held by the Company on trust for Applicants until the New Shares are allotted. No interest will be paid on Application Monies.

Subject to approval being granted, it is expected that the New Shares allotted under the Retail Entitlement Offer will commence trading on a normal basis on Tuesday, 19 November 2024.

It is the responsibility of Applicants to determine the number of New Shares allotted and issued to them prior to trading in the New Shares. The sale by an Applicant of New Shares prior to receiving their holding statement is at the Applicant's own risk. The Company and the Joint Lead Managers disclaim all liability whether in negligence or otherwise (to the maximum extent permitted by law) to persons who trade New Shares before receiving their holding statements, whether on the basis of confirmation of the allocation provided by the Company or the Share Registry or otherwise.

5.5 Reconciliation

In any entitlement offer, investors may believe that they own more Existing Shares on the Record Date than they ultimately do. This may result in a need for reconciliation to ensure all Eligible Shareholders have the opportunity to receive their full Entitlement.

The Company may need to issue a small quantity of additional New Shares to ensure all Eligible Shareholders have the opportunity to receive their appropriate allocation of New Shares. The price at which these New Shares would be issued, if required, is the same as the Offer Price.

The Company also reserves the right to reduce the Entitlement or the number of New Shares allocated to Eligible Shareholders or persons claiming to be Eligible Shareholders, if their Entitlement claims prove to be overstated, if they or their nominees/custodians fail to provide information requested to substantiate their Entitlement claims, or if they are not Eligible Shareholders.

5.6 Continuous disclosure

The Company is a "disclosing entity" under the Corporations Act and is subject to regular reporting and disclosure obligations under the Corporations Act and the Listing Rules, including the preparation of annual reports and half yearly reports.

The Company is required to notify ASX of information about specific events and matters as they arise for the purposes of ASX making that information available to the stock markets

conducted by ASX. In particular, the Company has an obligation under the Listing Rules (subject to certain exceptions) to notify ASX immediately of any information of which it is or becomes aware which a reasonable person would expect to have a material effect on the price or value of Shares. That information is available to the public from ASX and can be accessed at www.asx.com.au. Some documents are required to be lodged with ASIC in relation to the Company. These documents may be obtained from, or inspected at, an ASIC office.

5.7 No cooling off rights

Cooling off rights do not apply to an investment in New Shares. You cannot withdraw your Application once it has been made.

5.8 Underwriting

The Company and the Joint Lead Managers have entered into an Underwriting Agreement pursuant to which the Joint Lead Managers have agreed to underwrite fully the Placement and Entitlement Offer.

The Company has agreed to pay the Joint Lead Managers:

- (a) a management fee of 1.50% (plus GST) of the Institutional Entitlement Offer proceeds;
- (b) an underwriting fee of 1.75% (plus GST) of the Institutional Entitlement Offer proceeds;
- (c) a management fee of 1.50% (plus GST) of the Retail Entitlement Offer proceeds; and
- (d) an underwriting fee of 1.75% (plus GST) of the Retail Entitlement Offer proceeds.

Eureka may in its absolute discretion pay an incentive fee equal to 0.50% (plus GST) of the total proceeds to the Joint Lead Managers. Where Eureka determines to extend the timetable by 10 business days or more, an additional extension fee of 0.25% (plus GST) of the total proceeds will be payable.

Eureka must also reimburse the Joint Lead Managers for their reasonably incurred expenses, including legal costs (up to \$30,000), out-of-pocket expenses, stamp duty, transfer taxes, withholding taxes (or similar) incurred in relation to the Placement and Entitlement Offer. The Underwriting Agreement contains customary representations, warranties and indemnities from Eureka in favour of the Joint Lead Managers.

Customary with these types of arrangements:

- (a) the Company and the Joint Lead Managers have given certain representations, warranties and undertakings in connection with (among other things) the Placement and Entitlement Offer;
- (b) the Company has agreed, subject to certain exclusions, to indemnify the Joint Lead Managers, its affiliates and related bodies corporate, and their respective directors, officers, and employees against all claims, demands, damages, losses, costs, expenses and liabilities arising out of or in connection with the Placement and Entitlement Offer; and
- (c) the obligation on the Joint Lead Managers to underwrite the Placement and Entitlement Offer is conditional on certain customary conditions precedent. Additionally, the Joint Lead Managers may (in certain circumstances having regard to the materiality of the event) terminate the Underwriting Agreement and be released from its obligations under it on the occurrence of certain events.

For further details, see the summary of the key terms of the Underwriting Agreement in the Company's Investor Presentation included in section 7 of this Retail Offer Booklet.

Neither the Joint Lead Managers nor any of their related bodies corporate and affiliates, nor any of their respective directors, officers, partners, employees, representatives or agents

(together, the **Joint Lead Manager Parties**) have authorised or caused the issue of this Retail Offer Booklet. To the maximum extent permitted by law, the Joint Lead Manager Parties exclude and disclaim all liability for any expenses, losses, damages or costs incurred by you as a result of your participation in or failure to participate in the Entitlement Offer and this information being inaccurate or incomplete in any way for any reason, whether by negligence or otherwise. The Joint Lead Manager Parties do not make any recommendations as to whether you or your related parties should participate in the Entitlement Offer, nor do they make any representations or warranties to you concerning this Entitlement Offer or any such information, and you represent, warrant and agree that you have not relied on any statements made by the Joint Lead Manager Parties in relation to the New Shares or the Entitlement Offer generally.

5.9 Rounding of Entitlements

Where fractions arise in the calculation of an Entitlement, they will be rounded up to the nearest whole number of New Shares.

5.10 Not financial product or investment advice

This Retail Offer Booklet and the Entitlement and Acceptance Form is for information purposes only, is not a prospectus, disclosure document or other offering document under the Corporations Act or any other law and has not been lodged with ASIC. It is also not a financial product or investment advice or a recommendation to acquire New Shares and has been prepared without taking into account your investment objectives, financial circumstances or particular needs. The Retail Offer Booklet should not be considered comprehensive and the Company is not licensed to provide financial product advice in respect of the New Shares. The information contained in this Retail Offer Booklet does not purport to contain all the information that you may require to evaluate a possible application for New Shares, nor does it purport to contain all the information which would be required in a prospectus prepared in accordance with the requirements of the Corporations Act. It should be read in conjunction with the Company's other periodic statements and continuous disclosure announcements lodged with ASX. Before making an investment decision, you should consider the appropriateness of the information in this Retail Offer Booklet having regard to your own objectives, financial situation and needs and seek legal and taxation advice appropriate to your jurisdiction. If you have any questions about whether you should participate in the Entitlement Offer, you should seek professional financial advice before making any investment decision.

5.11 Governing Law

This Retail Offer Booklet, the Retail Entitlement Offer and the contracts formed on acceptance of the Entitlement and Acceptance Forms are governed by the laws applicable in Queensland, Australia.

Each Applicant for New Shares submits to the exclusive jurisdiction of the courts of Queensland, Australia.

5.12 Withdrawal of the Entitlement Offer

The Company reserves the right to withdraw all or part of the Entitlement Offer and this Retail Offer Booklet at any time, subject to applicable laws, in which case the Company will refund Application Monies in relation to New Shares not already issued in accordance with the Corporations Act and without payment of interest. In circumstances where allotment under the Institutional Entitlement Offer has occurred, the Company may only be able to withdraw the Entitlement Offer with respect to New Shares to be issued under the Retail Entitlement Offer.

To the fullest extent permitted by law, you agree that any Application Monies paid by you to the Company will not entitle you to receive any interest and that any interest earned in respect of Application Monies will belong to the Company.

5.13 Privacy

As a Shareholder, the Company and the Share Registry have already collected certain personal information from you. If you apply for New Shares, the Company and the Share Registry may update that personal information or collect additional personal information. Such information may be used to assess your acceptance of the New Shares, service your needs as a Shareholder, provide facilities and services that you request and carry out appropriate administration.

To do that, the Company and the Share Registry may disclose your personal information for purposes related to your shareholdings to their agents, contractors or third party service providers to whom they outsource services, in order to assess your application for New Shares, the Company share register for ongoing administration of that register, printers and mailing houses for the purposes of preparation of the distribution of Shareholder information and for handing of mail, or as otherwise under the *Privacy Act 1988* (Cth).

6. Australian taxation consequences

The taxation implications of the Retail Entitlement Offer will vary depending upon your particular circumstances. Neither the Company nor any of its Officers or employees, nor its advisors, accepts any liability or responsibility in this regard and recommends that you seek and rely upon your own professional advice in connection with the Retail Entitlement Offer.

This section 6 does not constitute financial product advice as defined in the Corporations Act, is confined to taxation issues, and is only one of the matters investors need to consider when making a decision about their investments. Investors should seek advice from their own independent professional adviser before deciding whether to invest in the Retail Entitlement Offer.

The following tax comments in this section 6 are based on the income tax (including capital gains tax (**CGT**), goods and services tax (**GST**) and stamp duty laws in Australia in force as at the date of this Retail Offer Booklet. Other than as expressly discussed, the comments do not take into account or anticipate changes in Australian tax law or future judicial interpretations of law after this time unless otherwise specified. The comments also do not take into account tax legislation of any country other than Australia.

Australian tax laws are complex. This summary is general in nature and is not intended to be an authoritative or complete statement of all potential tax implications for each investor or relied upon as tax advice. During the period of ownership of the New Shares by investors, the taxation laws of Australia, or their interpretation, may change. The precise implications of ownership or disposal will depend upon each investor's specific circumstances. Investors should seek their own independent professional advice on the taxation implications of receiving the Retail Entitlement Offer, participating in the Oversubscription Facility and holding or disposing of the New Shares, taking into account their specific circumstances.

The following information is a general summary of the Australian income tax (including CGT), GST and stamp duty implications of the Retail Entitlement Offer for Eligible Retail Shareholders who are Australian residents for tax purposes and are either individuals, complying superannuation entities, trusts (which are not 'public trading trusts' or 'managed investment trusts'), partnerships (which are not corporate limited partnerships) and corporate investors that, in each case, hold their Existing Shares and New Shares on capital account. These comments do not apply to:

- (a) non-resident investors;
- (b) investors who acquired their Existing Shares in respect of which the Retail Entitlement Offer is issued under any employee share scheme or where the New Shares are acquired pursuant to any employee share scheme;
- (c) investors that hold their Existing Shares and New Shares on revenue account or as trading stock;
- (d) investors who hold Existing Shares and New Shares as traditional securities;
- (e) investors who hold Existing Shares and New Shares as convertible interests;
- (f) investors who are exempt from Australian income tax; or
- (g) investors subject to the Taxation of Financial Arrangements (**TOFA**) regime in Division 230 of the *Income Tax Assessment Act 1997* (Cth).

The guide does not take into account the individual circumstances of particular Eligible Retail Shareholders and does not constitute tax advice.

6.2 Issue of Entitlement

The issue of the Entitlement under the Retail Entitlement Offer should be treated for Australian income tax purposes as an issue of rights to acquire a New Share in the Company.

The issue of the Entitlement under the Retail Entitlement Offer should not in itself result in any amount being included in the assessable income of an Eligible Retail Shareholder on the basis that:

- (a) the Eligible Retail Shareholder already holds Shares in the Company;
- (b) the Entitlement was issued to the Eligible Retail Shareholder because of their ownership of the Shares;
- (c) the Eligible Retail Shareholder's existing Shares and Entitlements to New Shares are not held as revenue assets or as trading stock;
- (d) the Eligible Retail Shareholder did not acquire their Shares or their Entitlement to New Shares under any employee share scheme;
- (e) the Eligible Retail Shareholder does not hold existing Shares or their Entitlement to New Shares as traditional securities; and
- (f) the Eligible Retail Shareholder's existing Shares are not convertible interests.

6.3 Exercise of Entitlement and applying for additional New Shares

An Eligible Retail Shareholder will not derive any assessable income, or make any capital gain or capital loss, at the time of exercising their Entitlement under the Retail Entitlement Offer or acquiring additional New Shares under the Oversubscription Facility.

For Australian CGT purposes, New Shares will be taken to have been acquired on the day that an Eligible Retail Shareholder exercises their Entitlement and additional New Shares will be taken to have been acquired on the date the additional New Shares were issued to the Eligible Retail Shareholder.

The cost base of each New Share and additional New Share will be equal to the Offer Price payable for each New Share and additional New Share respectively (plus any non-deductible incidental costs the Eligible Retail Shareholder incurs in acquiring the New Shares and additional New Shares).

6.4 Lapse of Entitlement

If an Eligible Retail Shareholder does not accept all or part of their Entitlement in accordance with the instructions set out above, then that Entitlement will lapse and the Eligible Retail Shareholder will not receive any consideration for their Entitlement that is not taken up. There should be no Australian tax implications for an Eligible Retail Shareholder from the lapse of the Entitlement.

6.5 Taxation in respect of dividends on New Shares

Australian resident individuals and complying superannuation entities

Dividends paid by the Company on a Share will constitute assessable income of an Australian tax resident Eligible Retail Shareholder. Australian tax resident Eligible Retail Shareholders who are individuals or complying superannuation entities should include the dividend in their assessable income in the year the dividend is paid, together with any franking credit attached to that dividend.

Subject to the comments below at section 6.6, such Eligible Retail Shareholders should be entitled to a tax offset equal to any franking credit attached to the dividend. The tax offset can

be applied to reduce the tax payable on the Eligible Retail Shareholder's taxable income. Where the tax offset exceeds the tax payable on the Eligible Retail Shareholder's taxable income, such Eligible Retail Shareholder should be entitled to a refund of the excess franking offsets.

Corporate investors

A corporate Eligible Retail Shareholder is also required to include both the dividend and any associated franking credit in its assessable income.

Subject to the comments below at section 6.6, a tax offset is then available up to the amount of any franking credit attached to the dividend.

An Australian resident corporate Eligible Retail Shareholder should be entitled to a credit in its own franking account to the extent of the franking credits attached to the dividend received. This will allow the corporate Eligible Retail Shareholder to pass on the franking credits to its investor(s) on the subsequent payment of franked dividends.

Excess franking credits received by a corporate Eligible Retail Shareholder will not give rise to a refund entitlement for a company but can be converted into carry forward tax losses instead. This is subject to specific rules on how the carry forward tax loss is calculated and utilised in future years.

Trusts and partnerships

An Eligible Retail Shareholder who is a trustee (other than a trustee of a complying superannuation entity, which is dealt with above) or a partnership should include any dividends and any franking credit received in determining the net income of the trust or partnership. Where a fully franked or partially franked dividend is received, the relevant beneficiary or partner may be entitled to a tax offset equal to the beneficiary's or partner's share of the net income of the trust or partnership.

Unfranked dividends

Where a dividend paid by the Company is unfranked, the Eligible Retail Shareholder will be required to include the unfranked amount in their assessable income and there will be no franking offset entitlement. Shareholders should note that dividends paid by the Company in recent years have been unfranked.

Non-resident for tax purposes

The tax outcomes described above do not apply in the case of an Eligible Retail Shareholder who is not a tax resident of Australia. Non-resident Shareholders will need to consider separately the tax implications of receiving dividends, franked or unfranked, on the New Shares.

6.6 New Shares and additional New Shares held at risk

The benefit of franking credits can be denied where an Eligible Retail Shareholder is not a 'qualified person' in which case the Eligible Retail Shareholder will not be able to include an amount for the franking credits in their assessable income and will not be entitled to a tax offset.

Broadly, to be a qualified person, an Eligible Retail Shareholder must satisfy the holding period rule and, if necessary, the related payment rule. The holding period rule requires an Eligible Retail Shareholder to hold the Shares 'at risk' for at least 45 days continuously during the qualification period – starting from the day after acquisition of the New Shares and ending 45 days after the New Shares become ex-dividend. The holding period rule only needs to be satisfied once in respect of a particular share.

The dates the New Shares and additional New Shares are acquired and disposed of are ignored for the purposes of determining the 45 day period. In determining the length of time for which a particular Share has been held, the holding period rule applies on a 'last in, first out' basis. Any

day on which an Eligible Retail Shareholder has a materially diminished risk of loss or opportunity for gain in respect of the New Shares or additional New Shares (e.g. entering into a contract to sell the New Shares or additional New Shares) will not be counted as a day on which the Eligible Retail Shareholder held the New Shares or additional New Shares 'at risk'.

This holding period rule is subject to certain exceptions, including where the total franking offsets of an individual in a year of income do not exceed \$5,000.

The related payment rule applies where the Eligible Retail Shareholder has made, or is under an obligation to make, a payment that passes on the benefit of a dividend paid by the Company to another party. For each such dividend, the related payment rule requires the Eligible Retail Shareholder to have held the New Shares and additional New Shares at risk for a continuous 45 day period as above but within the period commencing on the 45th day before, and ending on the 45th day after, the day the New Shares and additional New Shares become ex-dividend in respect of that dividend. Practically, this should not impact Eligible Retail Shareholders who continue to hold New Shares and additional New Shares and also do not pass the benefit of the dividend to another person.

Eligible Retail Shareholders should obtain their own tax advice to determine if these requirements have been satisfied.

A specific integrity rule prevents taxpayers from obtaining a tax benefit from additional franking credits where dividends are received as a result of "dividend washing". That is, selling shares on an ex-dividend basis (retaining the dividend entitlement) and then repurchasing the same parcel of shares on a cum-dividend basis. Eligible Retail Shareholders should consider the impact of this measure together with the broader integrity provisions that apply to the claiming of tax offsets, having regard to their own personal circumstances.

6.7 Disposal of New Shares or additional New Shares – Australian tax residents

Most Australian tax resident investors will be subject to Australian CGT on the disposal of their Shares. Some investors may hold their Shares on revenue account, as trading stock, or be subject to the TOFA regime. Those investors should seek their own independent professional advice in respect of the consequences of a disposal of Shares.

Where an Eligible Retail Shareholder holds their Shares, New Shares and additional New Shares on capital account, the disposal of New Shares or additional New Shares will constitute a disposal for CGT purposes.

On disposal of New Shares or additional New Shares, an Eligible Retail Shareholder will make a capital gain if the capital proceeds received on disposal exceed the total cost base of the New Shares or additional New Shares. An Eligible Retail Shareholder will make a capital loss if the capital proceeds are less than the total reduced cost base of the New Shares or additional New Shares.

Eligible Retail Shareholders that are individuals, trustee investors or complying superannuation entities and that have held their New Shares or additional New Shares for 12 months or more (excluding the date of acquisition and the date of disposal) at the time of disposal should be entitled to apply the applicable CGT discount factor to reduce the capital gain (after offsetting capital losses). The CGT discount factor is 50% for individuals and trusts and 33.33% for complying superannuation entities. In relation to trusts, the CGT discount rules are complex, but the discount may flow through to presently entitled beneficiaries of the trust where the beneficiary would themselves be entitled to apply the CGT discount.

For the purpose of determining whether the New Shares have been held for 12 months or more (excluding the date of acquisition and the date of disposal), Eligible Retail Shareholders will be taken to have acquired them when they exercise their Entitlement under the Retail Entitlement Offer. For the purpose of determining whether the additional New Shares acquired under the Oversubscription Facility have been held for 12 months or more (excluding the date of

acquisition and the date of disposal), Eligible Retail Shareholders will be taken to have acquired them at the date the additional New Shares were issued.

Eligible Retail Shareholders that make a capital loss can only use that loss to offset other capital gains from other sources (i.e. the capital loss cannot be used against taxable income on revenue account). However, if the capital loss cannot be used in a particular income year, it can be carried forward to use in future income years to offset capital gains derived in subsequent years, provided certain loss utilisation tests are satisfied (in the case of a corporate investor).

6.8 Taxation of Financial Arrangements

The application of the TOFA provisions under Division 230 of the *Income Tax Assessment Act 1997* (Cth) depend on the specific facts and circumstances of the Eligible Retail Shareholder. The TOFA provisions are complex, and Eligible Retail Shareholders should seek advice from an appropriate professional advisor in relation to the implications of the TOFA provisions.

6.9 Tax file numbers

An investor is not required to quote their tax file number (**TFN**) to the Company. However, if their TFN details (or certain exemption details) are not provided, Australian tax may be required to be deducted by the Company from dividends at the maximum marginal tax rate plus the Medicare levy.

An investor who holds Shares as part of an enterprise may quote its Australian Business Number instead of its TFN.

6.10 GST

The acquisition or disposal of the New Shares and/or additional New Shares by an Eligible Retail Shareholder (who is registered or required to be registered for GST) will be classified as a “financial supply” for Australian GST purposes. Accordingly, Australian GST will not be payable in respect of amounts paid for the acquisition or disposal of the New Shares or additional New Shares.

No GST should be payable in respect of dividends paid to investors.

Subject to certain requirements, there may be a restriction on the entitlement of Eligible Retail Shareholders registered for GST to claim an input tax credit for any GST incurred on costs associated with the acquisition or disposal of New Shares or additional New Shares acquired under the Oversubscription Facility (e.g. lawyers’ fees).

Investors should seek their own tax advice on the impact of GST in their own particular circumstances.

6.11 Stamp duty

No Australian stamp duty should arise for an Eligible Retail Shareholder on their acquisition of the New Shares or additional New Shares in the Company, based on the assumption that:

- (a) no Eligible Retail Shareholder (on an associate inclusive basis) would:
 - (i) commence to hold an interest of 90% or more in the Company; or
 - (ii) having an interest of 90% or more, acquire a further interest in the Company, and
- (b) the issue of the New Shares or additional New Shares neither results in, nor is it part of a broader arrangement that relates to, the acquisition or holding of an interest of 90% or more in the Company.

Investors should seek their own tax advice as to the impact of stamp duty in their own particular circumstances.

Eureka Group Holdings Limited (ASX:EGH) (“**Eureka**” or the “**Company**”) is pleased to announce approximately \$49.9 million of Acquisitions and \$7.5 million in village expansion opportunities to deliver a step-change in Eureka’s growth profile, increased scale in seniors rental communities and reinforce Eureka’s status as Australia’s largest owner, operator and developer of seniors’ rental communities.

Newly commenced Eureka CEO Mr Simon Owen said: “These strategically compelling Acquisitions accelerate our growth strategy and provide Eureka with a stronger growth trajectory. They also build on our track record of deal origination capability and access to deal flow, both on and off market.

“The Equity Raising provides Eureka with the capital to execute on these Acquisition opportunities and rapidly increase scale as a leading provider of seniors’ rental accommodation in Australia”.

Acquisitions

Eureka has identified Acquisitions comprising operating villages with strong fundamentals and added development potential.

¹ Assumes full year impact of deployment of proceeds of the Equity Raising towards Acquisitions

The Acquisitions, primarily located in Queensland, will add 479 units and 30 development units to Eureka's portfolio and include:

- two villages under heads of agreement subject to due diligence for approximately \$14.8m which will deliver immediate yield of 9.6% per annum
- five villages in due diligence or advanced discussions for approximately \$30.3 million in total;

- village expansions of \$7.5 million which will deliver a yield on cost of more than 12.5% per annum.

Equity Raising

Acquisitions will be funded via a fully underwritten \$70.4 million Equity Raising comprising:

- a 1 for 3.4 accelerated non-renounceable pro-rata entitlement offer of new fully paid ordinary shares ("**New Shares**") to raise \$55.4 million ("**Entitlement Offer**"); and
- an institutional Placement of New Shares to raise \$15.0 million ("**Placement**")².

The Equity Raising is fully underwritten by MA Moelis Australia Advisory Pty Ltd and Morgans Corporate Limited.

New Shares issued under the Equity Raising will rank pari passu with existing Eureka shares from the date of issue. Approximately 24.6 million New Shares will be issued under the Placement, equivalent to ~8% of existing Eureka shares on issue. The Placement is being conducted under Eureka's existing placement capacity pursuant to ASX Listing Rule 7.1.

Proceeds from the Equity Raising will be used to fund the Acquisitions and costs of the Equity Raising. Proceeds will initially be used to repay debt until Acquisitions reach settlement and developments commence.

Funds are expected to be fully deployed within 9 to 12 months.

The Equity Raising will be conducted at a fixed issue price of \$0.61 per New Share ("**Offer Price**"), which represents a:

- 9.6% discount to the last price of \$0.68 per share on 23 October 2024;
- 7.5% discount to the 5-day VWAP of \$0.66 per share on 23 October 2024; and
- 7.2% discount to the theoretical ex-rights price ("**TERP**")³ of \$0.66.

Under the Entitlement Offer, eligible shareholders are invited to subscribe for 1 New Share for every 3.4 existing shares in Eureka held as at 7.00pm (AEDT) on Monday, 28 October 2024 (**Record Date**). Fractional entitlements under the Entitlement Offer will be rounded up to the nearest whole share.

Filetron Pty Ltd is a substantial shareholder in Eureka, with an approximately 20.5% interest, and has committed to taking up its full entitlement under the Entitlement Offer.

² The Placement will not be offered to the five largest shareholders to provide shares for new and smaller investors

³ The theoretical ex rights price ("**TERP**") is the price at which Eureka Shares should trade immediately after the ex-date for the Entitlement Offer assuming 100% take-up of the Entitlement Offer. The TERP includes the New Shares issued under the Placement. TERP is a theoretical calculation only and the actual price at which Eureka shares trade immediately after the ex-date for the Entitlement Offer will depend on many factors and may be different from TERP

The Eureka Directors who hold or control Eureka shares and the Chief Executive Officer have committed to taking up their full entitlement under the Entitlement Offer.

Mr John Whiteman, Non-Executive Director of Eureka, has committed to sub-underwrite the Entitlement Offer up to \$1 million. Mr Whiteman will not be paid any sub-underwriting fees.

Eligible shareholders who do not take up their entitlement under the Entitlement Offer in full or in part will not receive any value in respect of those entitlements not taken up.

The Entitlement Offer is non-renounceable, and rights are not transferrable and will not be traded on the ASX or otherwise.

The Entitlement Offer is comprised of two components:

- the institutional component of the Entitlement Offer, which will raise \$48.8 million (**Institutional Entitlement Offer**); and
- the retail component of the Entitlement Offer, which will raise \$6.6 million (**Retail Entitlement Offer**).

Institutional Entitlement Offer

Eligible institutional shareholders will be invited to participate in the Institutional Entitlement Offer, which will open today, Thursday 24 October 2024. The institutional Placement will be conducted at the same time.

Trading Update, Outlook & FY25 Guidance

Eureka's portfolio of 52 rental villages across Australia comprising 2,835 units under management is currently operating at near record high occupancy levels of 98% with demand particularly strong in the Company's largest operational State of Queensland with only one vacancy forecast across over 1,400 units by the end of October 2024.

Demand for rental accommodation remains very high, driven by a favourable macroeconomic backdrop including strong levels of immigration and overseas students, an ageing population, housing affordability concerns and limited supply.

Eureka today also announces that Non-Executive Chairman, Mr Murray Boyte, has advised the Board of his intention to retire as Non-Executive Chairman and as director of the Company during the first half of the 2025 calendar year after 7 years as Chairman.

Mr Boyte will be succeeded as Chairman by current Non-Executive Director and Chair of the Audit & Risk Committee, Mr Russell Banham.

Eureka Chairman-elect Mr Banham said: "On behalf of the Board, I would like to extend my sincere gratitude to Murray for his leadership as Chairman. Murray guided the Board and management team through an important transformational period for the Company and significantly contributed to Eureka's growth and development. We wish him well in his future endeavours."

Mr Boyte said: "I would like to thank shareholders, my fellow directors and the Eureka team who supported me during my time as Chairman of Eureka.

"I am pleased to have played a role in guiding Eureka's corporate turnaround during challenging times to take the company to its current market leading status in its sector.

"With the appointment of Simon Owen as CEO, I believe that now is the right time for me to step down as Chairman and a director of Eureka.

"Under Simon's leadership, I have every confidence that Eureka's future is in capable hands and that the Company will continue to go from strength to strength."

Mr Boyte is standing for re-election as a director at the Annual General Meeting to be held on 31 October 2024. Whilst not intending to serve out his full three-year term as a director, if re-elected, it is intended that Mr Boyte will continue in his role as Non-Executive Chairman to provide strategic support to the new CEO to facilitate an orderly leadership transition and seamless transfer of his strategic insights.

Key Risks

General Risks

This section discusses some of the key risks associated with an investment in Eureka. A number of risks and uncertainties may adversely affect the operating and financial performance or position of Eureka and in turn affect the value of Eureka shares. These include specific risks associated with an investment in Eureka and general risks associated with any investment in listed shares. The risks and uncertainties described below are not an exhaustive list of the risks facing Eureka. Potential investors should carefully consider whether the New Shares offered are a suitable investment having regard to their own personal investment objectives and financial circumstances and the risks set out below.

Financial Product Advice Disclaimer

This document is not financial product advice and has been prepared without taking into account your investment objectives or personal circumstances. Before investing in New Shares, you should consider whether an investment in New Shares is suitable for you. Potential investors should consider publicly available information on Eureka (such as that available on the websites of Eureka and ASX), carefully consider their personal circumstances and consult their stockbroker, solicitor, accountant or other professional adviser before making an investment decision.

General Investment Risks	<p>There are risks associated with any stock market investment, including:</p> <ul style="list-style-type: none">• The demand for Eureka shares may increase or decrease and Eureka shares may trade above or below the issue price on the ASX;• If Eureka issues New Shares, an existing Shareholder's proportional interest in Eureka may be reduced; and• The market price of the shares may be affected by factors unrelated to the operating performance of Eureka such as stock market fluctuations and volatility and other factors that affect the market as a whole.
Share Price Fluctuations	<p>The value of Eureka's shares will be determined by the stock market and will be subject to varied and often unpredictable influences in the share market beyond Eureka's control. These factors include, but are not limited to, the demand for, and availability of Eureka's shares, movements in interest rates, exchange rates, and rates of inflation, fluctuations in the Australian and international stocks markets, changes in fiscal, monetary and regulatory policies, and general domestic and international and economic activity. Depending on general market conditions and Eureka's share price, Eureka may not be able to attract new investors or raise capital as and when required.</p>
Macro-economic Risks	<p>Macro-economic risks can impact the performance of Eureka, including changes to economic conditions in Australia and internationally, investor sentiment and international and local stock market conditions, changes in fiscal, monetary and regulatory policies which may impact economic conditions such as interest rates and consequently the performance of Eureka.</p>
Legislative and Regulatory Risks	<p>Changes in laws, regulation and government policy may affect Eureka's business and therefore the returns Eureka is able to generate.</p>

Key Risks

Environmental and Insurance Risk	<p>Eureka's properties are subject to environmental risks including loss of property and profits due to bushfires, floods, cyclones, erosion of waterways and other events. These risks and potential losses may increase in the future if the climate continues to change. Eureka carries insurance for some of these events, however insurance may not cover all or any of the losses incurred, insurance may prove increasingly difficult to obtain or the cost may become prohibitive.</p>
Liquidity and Dilution	<p>Liquidity in Eureka shares may be limited and it may be difficult for investors to buy or sell lines of shares at market prices.</p> <p>In response to market conditions or for other reasons, ASX may amend temporarily or permanently, rules relating to the issue or trading of shares, which may affect the liquidity of Eureka shares.</p> <p>Eureka may issue New Shares in the future. This may be on terms which may result in a Eureka shareholder being ineligible to participate pro rata or at all. Upon implementation of the Offer, Eureka will issue shares, as set out in this Presentation. The issue of shares will dilute the interests of existing shareholders to differing extents depending on whether the individual shareholders take up their Entitlements. There is also a risk that shareholders will be further diluted as a result of future capital raisings required in order to fund Eureka's activities. It is not possible to predict what the value of Eureka's shares will be following completion of the Offer and the Directors do not make any representation as to such matters. The last trading price of Eureka shares on the ASX prior to the date of this Presentation is not a reliable indicator as to the potential trading price of shares after implementation of the Offer.</p>
Tax Implications	<p>Future tax liabilities may be impacted by changes to the Australian taxation law including changes in interpretation or application of the law by the courts or taxation authorities in Australia. This in turn could impact the value or trading price of Eureka shares, the taxation treatment of an investment in Eureka or the holding costs or disposal of its shares.</p>
Litigation	<p>Eureka may, in the ordinary course of business, be involved in possible litigation disputes (such as environmental and workplace health and safety, industrial disputes and other legal claims). A material legal action may adversely affect the operational and financial results of Eureka.</p>
Business Strategy Risk	<p>Eureka's business strategy is focused on providing rental accommodation for independent seniors through the active management of existing assets, the acquisition of additional villages and units and the realization of development opportunities. A key element to this strategy is ensuring ongoing capital recycling and strong capital management planning. Eureka's future growth is dependent on the successful execution of this strategy. Any change or impediment to implementing this strategy may adversely impact on Eureka's operations and future financial performance.</p>

Key Risks

<p>Development Risk</p>	<p>Eureka undertakes property development. Such projects have a number of risks including (but not limited to): delays or issues around planning, application and regulatory approvals; development cost overruns; environmental costs; project delays; issues with building and supply contracts; expected sales prices (should Eureka make the decision to sell any projects) and leasing rates or timing of expected sales and leasing not being achieved.</p> <p>A sustained downturn in the residential property markets due to deterioration in the economic climate could result in reduced development profits through lower selling, leasing prices, leasing volumes and delayed settlements or leasing.</p>
<p>Capital expenditure risk</p>	<p>Eureka's properties may require unforeseen capital expenditure from time to time, in order to maintain them in a condition appropriate for the purposes intend. This may rise either due to property defects or in response to changes in statutory and compliance requirements (such as environmental, building or safety regulations and standards). There is a risk that capital expenditure may therefore exceed current forecasts, which could lead to increased funding costs and potentially lower distributions.</p>
<p>Increased Competition</p>	<p>Eureka operates across several geographic markets and offers a unique accommodation product. While there are barriers to entry for new operators, including but not limited to access to capital and staff and complying with legislative requirements, future developments that directly or indirectly compete with Eureka's existing portfolio could impact Eureka's current business and financial performance.</p>
<p>Government Assistance</p>	<p>Governments and other authorities provide rental assistance and other subsidies for many residents in Eureka's villages. Any change to legislation could result in a reduction in resident demand for leases in the properties and therefore impact Eureka's business. Reductions in subsidies for residential residents could result in loss in rent or increased arrears.</p>
<p>Income and Expense Growth Rates</p>	<p>Higher than expected inflation rates could lead to greater development and or operating costs. The ability to raise future rents and maintain or grow occupancy may be impacted by residents' income levels and a change in government subsidies. Eureka's future financial performance could be impacted where the inflation in operating and development costs exceeds the growth in rental income.</p>
<p>Dividends</p>	<p>Future dividends for Eureka shares will be determined by the Directors having regard to the operating results, future capital requirements, bank debt covenants and the financial position of Eureka. There can be no guarantee that Eureka will continue to pay dividends at the current level or at all.</p>
<p>Asset Valuation Risk</p>	<p>Assets are assessed for changes in fair value or impairment (the latter as required whenever events or changes in circumstances indicate that the carrying amount may not be recoverable). Factors affecting property valuations include capitalisation and discount rates, maintainable earnings, occupancy and the economic growth outlook. Such impacts on property valuations may lead to variations in the valuation of Eureka shares.</p>

Key Risks

<p>Funding Risk</p>	<p>Eureka currently has bank debt which contains certain financial and operational covenants. Any breach of these covenants could result in the early enforced repayment of debt. Such repayment could incur capital losses if assets need to be sold in a short period or shareholders may be diluted if equity needs to be raised at a large discount. In addition, interest rate changes may have a material impact on profitability. Eureka mitigates this risk through its capital management plan and interest rate hedging.</p> <p>Eureka currently has debt maturity in October 2025 and March 2026. At the maturity of these loans, there is no certainty they will be refinanced on the same terms currently in place.</p>
<p>Operational Risks</p>	<p>Routine village operations require Eureka to manage risks related to maintenance of a safe environment including property condition, food service, building compliance and resident wellbeing. Compliance and management systems, including third party inspections where appropriate, have been established to manage these risks.</p>
<p>Personnel Risk</p>	<p>The ability of Eureka to successfully deliver on its business strategy is dependent on retaining key employees of Eureka. The loss of senior management or other key personnel could adversely impact on Eureka's business and financial performance.</p>
<p>Accounting Standards</p>	<p>Changes to accounting standards may affect the reported earnings of Eureka from time to time.</p>
<p>Acquisition Risks</p>	<p>The Offer is not conditional on deploying the proceeds into the specified acquisition of assets. There is a risk that Acquisitions may not occur and the timing, consideration paid and investment return on any acquisition made may vary from the existing portfolio.</p>
<p>Acquisition Integration</p>	<p>Eureka intends to implement a number of initiatives to integrate assets that it acquires into the group's operations and to achieve the optimal, steady-state maintainable earnings. This may include redevelopment of existing sites or changing the way the asset is managed. The cost to reposition an asset at the time of implementation may vary from the assumptions at time of acquisition. It may take longer than expected for the assets to reach steady-state maintainable earnings.</p>
<p>Cyber Risks</p>	<p>Eureka recognizes the importance of cyber security in safeguarding digital assets, systems and information from unauthorized access or disruption. Eureka mitigates this risk through various security measures and a contingency plan for business continuity.</p>
<p>Investment Risks</p>	<p>The above list of risk factors ought not to be taken as exhaustive of the risks faced by Eureka or by investors in Eureka. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of Eureka and the value of its shares. Shares issued in Eureka carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those shares.</p>
